The parties agree that the Division will utilize the following principles and protocol in considering applications for sick leave, coverage for disability arising out of pregnancy, labour and delivery, and recovery from same:

1. Pregnancy, labour and delivery, and recovery therefrom may rise to a period of disability such that an employee will be entitled to sick leave benefits under the collective agreement.
2. The period of disability occasioned by pregnancy, labour and delivery, and recovery therefrom will vary in each individual case depending upon the circumstances involved.
3. An employee who is pregnant or on maternity leave may file an application for sick leave with the Division for disability relating to the pregnancy, labour and delivery no later than one calendar month following the date of delivery. Attendant upon this application the employee will be required to provide the Division with information respecting the medical practitioners involved in their case and to sign a release allowing the Division to correspond with such individual(s) to obtain medical information relevant to the leave application.
4. Upon the request of the employee, the Division shall provide the employee with copies of all medical information received from their medical practitioners in relation to sick leave coverage for disability arising out of pregnancy, labour and delivery, to the employee within a reasonable period of time of receipt of same.
