

École Sacré-Coeur
Volunteer Questionnaire/Intention Form

September 2023

Dear Parents & Guardians,

Our teachers are looking forward to planning many adventures with their students for the 2023-24 school year. In order to make these field trips possible parent volunteers are often required to help supervise. Some teachers may even need a parent volunteer from time to time to help out in the classroom.

As per division policy KMA- Community Involvement in Education, all parent volunteers must be registered and will require a Child Abuse Registry Check. It is division policy that **ALL** Community Volunteers provide both a Child Abuse Registry Check and a Police Information/Vulnerable Sector Check. **ALL** volunteers must also complete the Respect in School training. This information will be provided by email.

Any volunteers interested in coaching will also need to complete Respect in Sport– if coaching is of interest to you please contact Mr. Herrington for additional details.

We realize that you all lead very busy lives but if you think you may be able to volunteer, even if it is just for one field trip, please fill out the contact information below and the attached **Winnipeg School Division Volunteer Registration Form** and **Child Abuse Registry Check**. Please return **ALL** forms to Mme Dias-Acquisto at the office. Please note that you will need to present your two pieces of identification for verification.

ALL parents and grandparents will be required to submit these forms before volunteering can start.

Any community members interested in volunteering in WSD schools will need to contact Carmen Court at Volunteer Services.

NOTE: Volunteer renewals are required every three years.
