# ARTS PROFESSIONAL PERFORMING GROUPS

Winnipeg School Division provides funding to partner with our city's professional performing groups in order to visit schools and/or for our students to attend performances. Information concerning what each group offers and how to arrange for a visit to your school is provided below.

As space is limited, not every school will be selected. Schools selected will then plan directly with the organization for performance dates and times.

Please complete the Performance Group Request Form <https://forms.office.com/r/dUZ0pd703C> by Friday, October 14, 2022, if you are interested in being considered for these programs.

## **WINNIPEG CONTEMPORARY DANCERS (K to Grade 12)**

Contemporary Dancers performances are available in two different shows, one for elementary schools and one for high schools.

Students will see how the dancers train first thing in the morning, then there is a repertoire part of the show where work is highlighted from both provincial and national choreographers. In between the works, the dancers will do warm up and even some audience participation where some students can join in on stage and experience some fun simple exercises.

The in-school performances run approximately one hour long, with an introduction/demonstration, performance Q&A period. A good-sized gym with a clean, warm floor is needed as the dancers will be barefoot.

## **ROYAL WINNIPEG BALLET (K to Grade 12)**

The Concert Hour Ballet is a one-hour program, featuring senior RWB students, to share the power of dance with other school-aged students. The school's touring program also provides important opportunities for artist commissions and workshops that provide reconciliation with Indigenous peoples and foster women, two-spirit and/or genderqueer choreographic voices.

RWB also incorporates Sharing Dance workshops into the tours to encourage and increase audience participation and engagement. A good-sized gym is needed for in-school performances.

Parents/Guardians are responsible to pay any remaining part of the camp fees that their child wishes to attend. There are no paper form options for camp applicants. Musical instruments will not be eligible. More information to follow.

### MUSICAL INSTRUMENT PURCHASES

The Winnipeg School Division provides an opportunity annually for schools to request instruments to replace existing instruments or to expand their programming.

Instrument Request forms will be sent out mid-January for the 2023-2024 school year.

### MUSIC INSTRUMENT REPAIRS

Funds to pay for musical instrument repair costs will be allocated to each school based on the last year's September 30<sup>th</sup> student enrolment in Band and Guitar. Schools will receive \$32.00 per student enrolled in BAND and \$15.00 per student enrolled in GUITAR. Repairs to equipment can be made by the school's choice of vendor(s). Schools are responsible for the payment of the repair costs.

**Funding for Music Instrument Repairs is in the process of review for the 2023-2024 school year.**

### LARGE INSTRUMENT REPAIRS & CLEANING

Please enter your information on the google doc and then make appropriate arrangements to have your instruments picked up by the vendor of your choice. Ensure that the invoices are billed to WSD and sent to the Superintendents' Department for payment by mid-June. We realize the repairs/cleaning may not be completed by then, but we need to ensure that these costs are paid for in the year that they are invoiced.

## ARTISTS IN SCHOOLS

This program funds artists work with teaches to develop and deliver projects that immerse students in the arts and engage them in creative exploration of meaningful issues. It's now easier than ever to bring professional artists and Indigenous Knowledge Keepers into your classroom to share their arts and cultural knowledge with your students.

Highlights include:

- **Searchable online artist listing** of artists ready to develop an arts project with you at [www.artistsinschools.ca](http://www.artistsinschools.ca)
- **Easier application:** We have reduced the amount of documentation needed from educators. No narrative or reporting required, just a simple one-page commitment form to give to the artist you partner with, who then submits the full application.
- **Flexible delivery:** We are encouraging artists to incorporate flexible delivery methods (mix of remote, outdoor, in-person) into their projects to better meet teacher and student needs.

The next application deadline is **October 2022** for projects between January and June 2023.
